Publication Consent Form

Dear Parent/Guardian:

Please review this form carefully, sign and date the form, and submit the form to the school principal.

At some time during the school year, school/District personnel or other District-authorized persons may videotape or photograph classroom activities or special projects in which your child participates during the school day or outside of the school day for public awareness purposes. At other times, the school/District may wish to call attention to achievements of students/the school with news releases to the public media.

Under 09.14 AP.12, the District has designated student photographs as "directory information". Consistent with that annual notice, a photograph of an individual student may be released to others and/or reproduced in school yearbooks as long as the parent or adult student has not submitted written notice indicating that they do not wish photographs of the student to be released.

This form covers permission for the District to record and use the recorded image, voice, or work of the student (photographed, filmed, taped, or digitally recorded) for public awareness purposes, including publication on the school and/or District's web site.

Your signature on the form below authorizes the school/District to release your child's name, photograph, work, and/or audio/video reproduction for publication to the general public related to school functions and activities including, but not limited to classroom activities, a class or school play, musical presentation, academic or athletic event. Examples of such releases include local newspaper articles, local radio announcements, publication on the school/District web site, release of school honor roll, and other similar releases.

The school/District assumes no responsibility for video tapes, audio tapes, photographs, etc. that may be made by parents or other non-school personnel at public events.

Once signed and dated, this form shall remain in effect for the period of your child's enrollment in the Logan County School District. However, at any time during that period, you may revoke this permission for future use by notifying in writing the Principal of your child's school.

As the parent(s) guardian(s) of _____, I/we
