

Class: Independent Reading

Auburn Middle School Enrichment Class Syllabus

Class Description: Independent Reading is the perfect enrichment class for students who would like additional time during the school day to read books of their own choosing. This can be working on Honors Reading, or any other reading the student wishes to do.

Goals/Objectives for the Class: Students will read independently for the entire class period.

How Students Will Be Evaluated: Student work will be evaluated based on their ability to remain on task with independent reading for the entire class period. Students are also expected to check out/return materials from the school library independently, without wasting time.

Other Important Information: Independent Reading Students will be placed in a supplemental reading teacher's classroom. They will be allowed to check out materials from the school library during this time, and are expected to be able to self-monitor behavior and stay on task during the entire period. Independent Reading is offered as an enrichment choice year-round.
